*What kind of
arts programming
does Somerville need?
Let us know!*

The Somerville Arts Council board and staff have spent some time reflecting and revising the work we do. The next step is to convene focus groups on various genres and community groups; before we move forward, we want your input. If you are interested in sitting on any of the specific groups based on your knowledge or general interest please contact us. Below are the specific focus groups, dates and locations. **We request that you rsvp by sending an email to Lauren Leeman at lleeman@somervillema.gov** Please indicate in your email which focus group you would like to attend; include your name and phone number. Thanks!
